

SUNCOOK RIVER GEOMORPHOLOGY-BASED ALTERNATIVES STUDY

Public Informational Meeting **Epsom Central School, 282 Black Hall Rd, Epsom, NH** **Wednesday, March 26, 2007 from 5:30 to 9:00 PM**

To ensure public input regarding the Suncook River Avulsion, the Town of Epsom and N.H. Department of Environmental Services (DES) are holding this meeting to keep the public informed of the study, and to seek feedback from the community that will be important to making the study successful. This is the second of three public informational meetings.

Meeting Objectives

To outline the draft findings of the *Suncook River Geomorphology-based Alternatives Study*;

To update the public on the progress on two related studies being conducted by the U.S. Geological Survey and Federal Emergency Management Agency; and

To provide an opportunity for town citizens to identify specific issues of concern and feedback as to the preliminary study findings.

To provide an opportunity for citizens to discuss their questions and concerns in a one-on-one forum, there will be an informal open house meeting from 5:30 to 6:00 prior to the start of the formal presentations at 6:00 PM.

Meeting Agenda

5:30 – 6:00	Open House - Informal Issue Discussion Stations
6:00 – 6:15	Introduction and Overview
6:15 – 6:45	USGS Floodplain Mapping and Sediment Transport Studies
6:45 – 7:15	Interim Report: Independent Study of Suncook River Flood Events
7:15 – 8:15	Geomorphologic Assessment of the Suncook River Avulsion
8:15 – 9:00	Summary and Open Public Comment Period
9:00	Adjourn

Thanks for attending!
